Subject: FW: ERT ATVs or other ?

Phillip - as discussed below is my note to the team re utility / gator 4x4. If you want to obtain such for EPA and USCG that's probably appropriate but ERRS is obtain a couple for site use. We do not need more than one right now though.

Subject: RE: ERT ATVs

Rob,
Thank you for considering the additional transportation options. We do not need ATV at time. I do not want standard ATVs on this site for safety reasons. We have ordered side-by-side / gator 4x4 units. We will have them Monday.

Sincerely,
Steve

Subject: ERT ATVs

The Area Command at Durango has requested the immediate deployment of the ERT ATVs to the Gold King Mine.
